ARE YOU A TEAM PLAYER?

We are looking for an Execution Developer

LYNX

ABOUT US

We are not like other asset managers. Not only are we unique in Stockholm with our quantitative and systematic investment management approach, but we are also at the forefront of the industry globally. Innovation has been part of our DNA since we started in 1999. At Lynx, we have managed to create a workplace where academic methods and a relentless focus on results are nourished by a friendly, collegial culture. The wellbeing of our employees is very important to us as they are the ones who make us successful. Lynx actively strives towards being an inclusive workplace and we see diversity as a prerequisite for future success.

POSITION SUMMARY

Lynx is looking to add an Execution Developer to the team responsible for our automated trading and execution platform and the technological infrastructure it runs on.

As an Execution Developer, you will be part of a team of experienced developers and testers charged with expanding and improving our proprietary execution and trading platform. You will work with system design, stream processing, performance optimization, multithreading and other problem-solving tasks aimed at maximizing the efficiency of our trading. Our back-end software and front-end monitoring and surveillance tools run on both Windows and Linux servers.

WHO WE LOOK FOR

We are looking for a candidate with a strong competence in programming. Your go-to language should be an object-oriented one such as C#, Java or C++. You are passionate about technology and always interested in learning more. You take a craftsman-like approach to software development, pay attention to detail and emphasize quality.

You most likely hold a BS/MS degree in Computer Science or an equivalent field, and have recently graduated or bring a few years of work experience. You are fluent in English, have good communication skills and work well in a team and on your own.

APPLICATION

Please send your application to rekrytering@lynxhedge.se with the subject line "execution developer". Selection takes place on an ongoing basis. For more information and questions about the position, you are welcome to contact Mats Bolter, +46 73 644 97 50 or mats.bolter@lynxhedge.se. Our website: https://lynxhedge.se/en.
